

I'd like to compliment the driver of Bus 210, Route 30, which broke down on the off ramp of I-95 into Newport on Wednesday evening rush hour. He was very professional and courteous to the passengers and the frustrated drivers stuck behind the bus. I'd also like to compliment the DART dispatchers for contacting the next Route 19 bus coming out of Wilmington. And, last but not least, a great thank you for the Route 19 bus driver who stopped on the shoulder of I-95 to allow us to transfer to his bus and got us safely home.

S. Wilson
